

My School

1A Pang Ngo Fai

My school is very beautiful. I have many friends, such as QQ, Ryan, Keith, Charlton and Cruz. We always play together. ♡

There are many classrooms in my school. My classroom is on the second floor. During the recess, I go to play basketball and read books in the library. My school campus is very big. I love my school very much!

There is a special guest living on the seventh floor. Do you know who he is? I saw him once before! 😊
