

I love rabbit

2A Wong Sui Adrian

I love rabbit the best,
Play with it on the day of rest.
It's a cute honey.
Children usually call it bunny.

Its eyes are red
And it hates eating bread.
It jumps up and down
But no carrots go around.

We go to the park
And back home in the dark.
We love each other
And we sleep together.

Rabbit, rabbit where are you?
I think I've got a flu.
I like keeping pets
But I haven't kept any one yet.
